

## BOXEDin – Shipping High Value Biologics

Cryopak's BOXEDin line of pre-qualified EPS shippers provides outstanding thermal insulation, making it an ideal choice for protecting temperature sensitive biologic shipments from environmental hazards.

This unique two-tier solution offers an extra layer of protection to provide the peace of mind and security you need to ensure your payload arrives at the correct temperature.

### Key Features

- Long range shipping profile durations available – up to 96 hours on all profiles
- Thermal performance for maintaining -80°C - 25°C
- Molded EPS within molded EPS (Small size) or within assembled EPS panels (Medium and Large sizes).
- Corrugate outer skin can be reused or easily replaced
- Sizes are available immediately
- Abridged qualification report and certificate

**The 3-in-1 Packout**

Pair BOXEDin with the MXP - Cryopak Digital's Temperature and Data Monitoring device for end-to-end protection
